Kennedy-Pro - 3/8mm Drive, T20mm Screwdriver Bit Sockets - 6 Points

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Specifications	Details
Material	Chrome Vanadium Steel
Size System	TX
Socket Depth	Standard
Socket Type	Socket Bit
Bit Type	TX
Brand	Kennedy-Pro
Product Number	KEN5826237GTSK
Number Of Points	6
Drive Type	Square
Drive Size	3/8mm
Bit Length	20mm
Socket Size	T20mm
Finish/Coating	Chrome Plated
Overall Length	50mm
