

Norton Saint Gobain.100x7,0x16,0mm METAL - IN OX MEDIUM

Industrial Line - Type 27 DC Medium Advanced grain and bond system for longer life and quicker cutting. Suitable for steel and stainless steel applications. Free from iron, sulphur and chloride.

Specifications	Details
Type	Type 27
For Use On	Stainless Steel Steel
Grade Designation	A24R-BF
Cutting Application	Sheet Steel Steel Profiles Tank Construction & Fabrication Welding Seams
Abrasive Material	Aluminium Oxide
Hardness	Hard
Thickness	7.0 mm
Series	Industrial line
Additional Conformity	Complies to oSa Regulations Manufactured According to EN12413
Bond Type	Resin Bonded with Fibre Reinforcment
Grain Size	24-Coarse
Maximum RPM	15200
SKU	NOR2303252GTSL
Special Features	Free From Iron, Sulphur and Chlorine Superior Bond System
Benefits	Fast Cutting High Material Removal rate Long Product Life
Brand	Norton
