## Norton Saint Gobain.100x7,0x16,0mm METAL - IN OX MEDIUM

Industrial Line - Type 27 DC Medium Advanced grain and bond system for longer life and quicker cutting. Suitable for steel and stainless steel applications. Free from iron, sulphur and chloride.

Specifications	Details	
Type	Type 27	
For Use On	Stainless Steel Steel	
Grade Designation	A24R-BF	
Cutting Application	Sheet Steel Profiles Tank Construction & Fabrication Welding Seams	
Abrasive Material	Aluminium Oxide	
Hardness	Hard	
Thickness	7.0 mm	
Series	Industrial line	
Additional Conformity	Complies to oSa Regulations Manufactured According to EN12413	
Bond Type	Resin Bonded with Fibre Reinforcment	
Grain Size	24-Coarse	
Maximum RPM	15200	
SKU	NOR2303252GTSL	
Special Features	Free From Iron, Sulpher and Chlorine Superior Bond System	
Benefits	Fast Cutting High Material Removal rate Long Product Life	
Brand	Norton
