

## Kern GAB-3PM 6Kg Bench Scale

Precise bench scale for applications (which require verification), where the weight values must be documented and archived through print outs or data transfer, such as, e.g. quantities obtained in stocktaking. The determined weight, quantity, totals, percentage etc. can be printed out with clearly date and time. High mobility: battery operation, compact construction and low weight, it is suitable for use in several locations (production, warehouse, dispatch department etc.). Compact size, practical for small spaces
