## **Kennedy-Pro - 3/8mm Drive, No.3mm Phillips Screwdriver Bit Sockets - 4 Points**

Often used in the automotive and aerospace industries. The weight to strength ratio ensures the reliability and accessibility that is important in this type of environment. Made from chrome vanadium steel, fully chrome plated with a mirror finish and aluminium-free. All have ball retaining grooves. Conform to DIN standards.

Socket Type  Brand  Kennedy-Pro  KEN5826203GTSK  Size System  Imperial  Drive Type  Square  Socket Size  No.3mm  Overall Length  Drive Size  3/8mm  Number Of Points
Product Number  KEN5826203GTSK  Size System  Imperial  Drive Type  Square  Socket Size  No.3mm  Overall Length  Drive Size  3/8mm
Size System  Imperial  Drive Type  Square  Socket Size  No.3mm  Overall Length  50mm  Drive Size  3/8mm
Drive Type Square  Socket Size No.3mm  Overall Length 50mm  Drive Size 3/8mm
Socket Size No.3mm  Overall Length 50mm  Drive Size 3/8mm
Overall Length 50mm  Drive Size 3/8mm
Drive Size 3/8mm
Number Of Points 4
Material Chrome Vanadium Steel
Bit Type Phillips
Socket Depth Standard
Bit Length 20mm
Finish/Coating Chrome Plated
