

Winters Premium Stainless Steel StabilizR Gauge, 0-3000 psi / 0-200 bar, 4" (100mm) Dial Display, $\pm 1\%$ Accuracy, 1/2" Back

- StabilizRTM gauges are dry gauges with a StabilizRTM dampened movement that minimizes vibration and pulsation-induced pointer flutter. It's a lot easier to read pressure now. There's no need to be concerned about fill fluid spilling or process media compatibility. Without the trouble of draining and refilling the case with fill fluid, gauges can be serviced quickly. Ideally suited for process, chemical and petroleum industry. Where chemical compatibility and contamination is a concern

Specifications	Details
Dial Size	4" (100mm)
Range	0-3000 psi / 0-200 bar
Connection	1/2" Back
Material	SS/SS
Type	StabilizR Gauges
Accuracy	$\pm 1\%$
