

Elitech EMG-20V | Intelligent HVAC Digital Manifold 2 Valves With 5" Smart Touch Screen

- The dual temperature and dual pressure tests, pressure holding measurement, vacuum measurement, super-heating and sub-cooling calculation, refrigerant weight measurement, and data logging are all integrated within the Elitech EMG-20V Intelligent Manifold gauge. The large 5 inch touch screen allows you to operate each of these features...

Specifications	Details
Pressure Range	-14.5~800psi
Measuring Units	psi, inHg, kg/cm2, cmHg, bar, kPa, MPa
Accuracy	0.5%FS
Temperature Range	-40~-300/-40~-150
Accuracy	± 0.1 / ± 0.18
Vacuum	0-19000 microns
